

Trailers for Rental, Lease or Purchase ready near you for immediate pick-up

Rely on Trailer Fleet Services when you need a trailer to fulfill an unexpected or temporary demand, or wish to purchase a late model trailer for OTR, cartage or storage. Tap into an experienced team, and more than 50 years of trailer asset experience, to solve your needs.

Our knowledgeable staff, located throughout an extensive North American branch network, manages thousands of trailers and can likely get what you need, where you need it.

Readily available inventory includes: dry vans, postal vans, reefers, lift gates, flatbeds and storage trailers. See reverse side of flyer for equipment specs.

Our trailers are available for rent daily, weekly, monthly, and beyond. We can also arrange one-way moves with pre-approved drop-off within our branch network.

For more information, call:

1-800-847-1111

Trailer Fleet Services brings you more value with well-conditioned equipment, competitive rates, maintenance programs, insurance options and trailer tracking.

Rental & Lease options include:

➤ Standard

Allows you to easily supplement your trailer fleet whether your need is for a month or a year.

➤ National Accounts

Enables customers with multiple locations to simplify rental transactions at Trailer Fleet Services branches nationwide, ensuring consistent quality and service.

To purchase a late-model trailer:

> Trailer Sale Showrooms

In most cases, late-model used trailers -- in good to excellent condition -- can be obtained from GE for less than half the cost of a comparable new trailer, and still provide reliable service with modest ongoing maintenance cost. Showrooms are located in major market areas across the country, visit our website or call for directions.

Equipment Types

When you rent or buy equipment from Trailer Fleet Services, you're guaranteed trailers engineered for top-notch performance, and maintained to the highest industry standards. Specifications not found on your average trailer make your operations more productive and efficient, and most importantly, more profitable.
