

“Honey, have you seen the warehouse?”

To battle the worst hardwood products market since the Great Depression, **why use expensive warehouses** when trailers will do?

- ❑ Safe, economical storage for **valuable pallets** helps protect resale value
- ❑ Pallets in good condition can be a **source of revenue** for your business- they're worth protecting in trailers vs. open yard storage
- ❑ The pallet industry has permanently **lost 25-35% of capacity** in the last 18 months... now is a great time to re-assess your **“Pallet Care”** program.

Average trailers feature 475 square feet of space, at a fraction of typical storage cost

- ❑ “Warehouse on Wheels” offers a cost-effective storage option -- by the month or year.
- ❑ Rent for as little as \$150 per month... or purchase outright at attractive pricing. Financing Available.
- ❑ Delivery & pickup available to one or more locations.
- ❑ Large selection of Dry Vans, Flats and Reefers available, each roadworthy and well-maintained.
